

STATE OF VERMONT
PUBLIC SERVICE BOARD

Docket Nos. 7359–7370, 7372

Investigations into the 2007 Integrated Resource)
Plan filings by 13 Municipal Electric)
Departments)

Order entered: 7/8/2010

ORDER CORRECTING TECHNICAL ERROR

On June 18, 2010, we issued an Order in these Dockets in which we granted a request for interlocutory review and denied a request to modify the Hearing Officers' determination that these dockets should proceed to a review of the Integrated Resource Plans ("IRPs") that are the subjects of these proceedings.¹ On June 22, 2010, the Department of Public Service ("Department") filed a letter to correct an error in the June 18 Order.

In the June 18 Order, we stated that the Department did not file any response to the municipal utilities' motions for interlocutory review. In its June 22 letter, the Department notes that our statement was in error. The Department had in fact filed a response, on May 14, 2010.

Therefore, we correct our June 18 Order as follows. On page 2 of the Order, the one-sentence paragraph, "The Department, which is the only other party to these proceedings, did not submit any filings on the motions," is replaced by the following paragraph:

On May 14, 2010, the Department, which is the only other party to these proceedings, filed a letter stating that it "agrees with the analysis set forth in [the municipal utilities'] Memorandum." The Department further notes "that a critical

1. Those requests were contained in motions filed by the following municipal electric utilities, whose IRPs are the subjects of these Dockets: Barton Village Inc. Electric Department; Village of Enosburg Falls Water & Light Department; Town of Hardwick Electric Department; Village of Hyde Park Electric Department; Village of Jacksonville Electric Company; Village of Johnson Water & Light Department; Village of Ludlow Electric Light Department; Village of Morrisville Water & Light Department; Village of Northfield Electric Department; Village of Orleans Electric Department; Town of Readsboro Electric Light Department; Town of Stowe Electric Department; and Swanton Village, Inc. Electric Department.

underpinning of the DPS's position is the fact, acknowledged by the municipal utilities, that DPS has the right to seek, and the PSB to open, a full investigation into any filed IRP (or, for that matter, into a utility's failure to file or to implement an IRP)."

In all other respects, the June 18 Order remains unchanged.

SO ORDERED.

Dated at Montpelier, Vermont, this 8th day of July, 2010.
